

*Canadian Solutions...*

*for a Canadian Industry.*

# Agenda

- **Who** is the Canadian HSE Registry?
- **What** we do?
- **Why** do you need a Registry?
- **How** does it work?

## Who are we? ....

- Canadian based with worldwide capabilities
- 100+ Hiring Companies
- 12,500+ Contractors
- Advocates for safety and standards
- Registry to a Compliance Management System
- Shared cost model

# Canadian HSE Registry

The Canadian HSE Registry collects, maintains, and distributes HSE and supplier information efficiently, effectively and securely for its members.

We work with multiple stakeholders, industry associations and your workforce to achieve compliance and a safer work place.

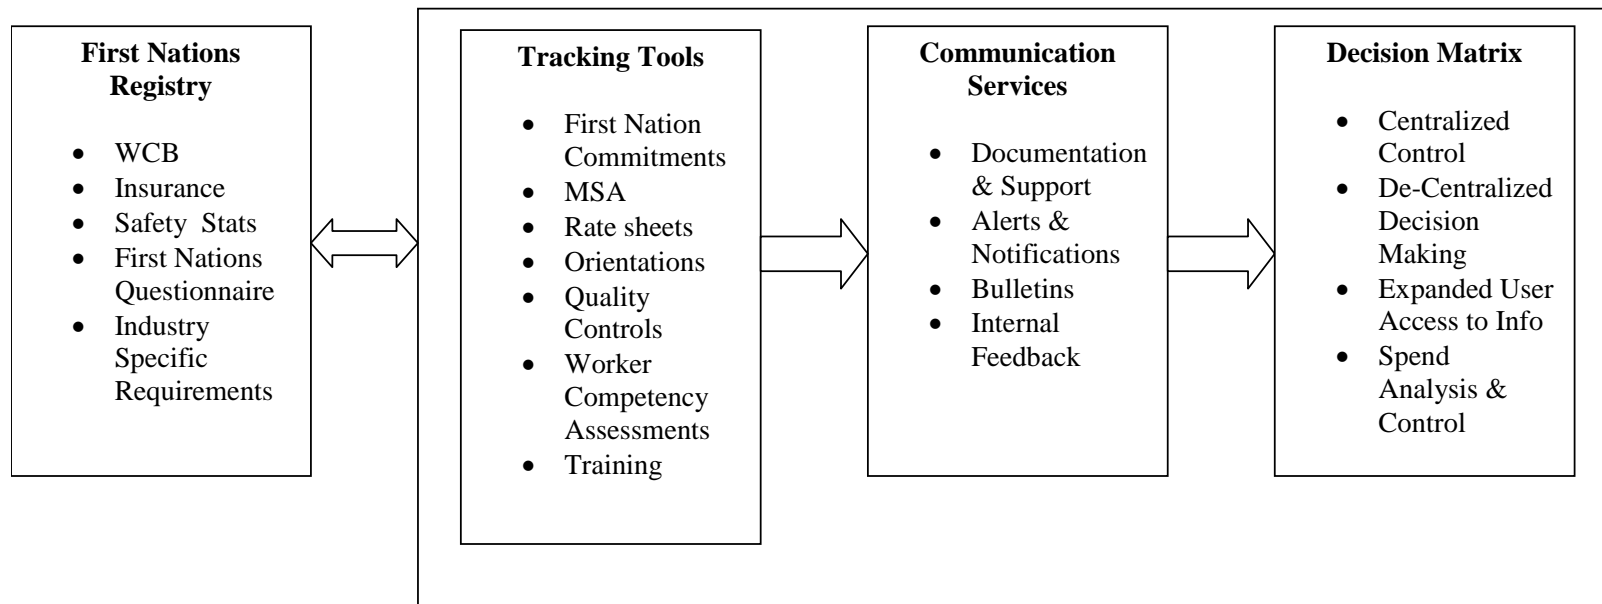

Our Focus: Providing you with the tools you need to pre-qualify your suppliers and manage your contracts

## Why do it? .....

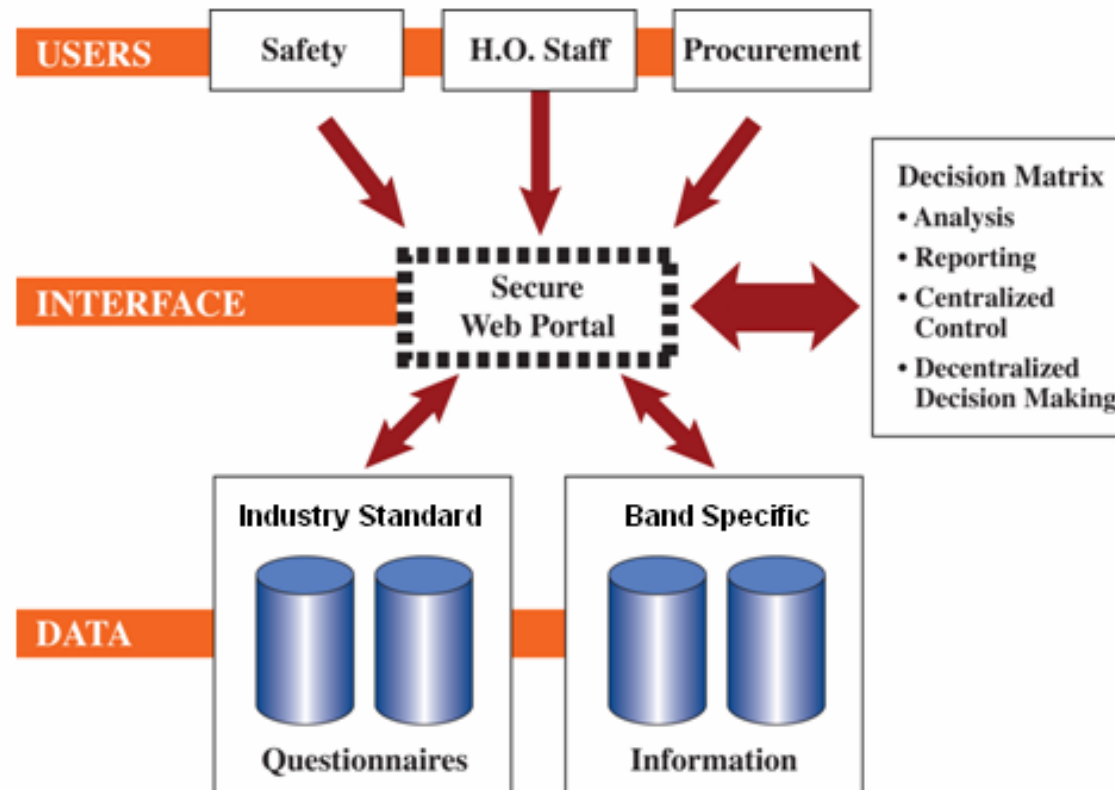

- Safety is now a mainstream business requirement
- Labour Shortages & Availability
- C-45 now S.217.1 – Criminal liability at Board Level
- Better Tracking
- Better Communications
- Better Decision Making
- Shared Cost Model
  
- **Bottom line: Better Control**

# First Nations Registry

## Contractor and Compliance Management Systems

# Information Management
