Mission	<p>While some people may be born to leadership, most of us only acquire over time the experience, education, skills, and qualities characteristic of strong community leaders. The Aboriginal Leadership Institute Inc. helps develop these leadership attributes.</p> <p>By actively promoting good governance...by identifying needed training...and by providing unique educational and skill-building opportunities...we help prepare Aboriginal people for the challenges and opportunities of the 21st century.</p>
Mandate	<p>The Aboriginal Leadership Institute Inc. is a non-profit organization established to build leadership capacity in Canadian Aboriginal people. We are run by Aboriginal people and directed by a volunteer board reflecting the diversity of the Aboriginal community. This board identifies specific training required to produce able and accomplished Aboriginal leaders.</p> <p>The Aboriginal Leadership Institute Inc. works closely with educational institutes, governments and the private sector. Through partnerships and cooperative alliances, we provide rich and varied educational opportunities for our clients. For example, we may engage a university to provide courses in self-governance...a private consultant to provide training on effective negotiation skills...or a senior civil servant to speak on legislative protocol. Through our Customized Training communities will</p>

	<p>become stronger and govern more effectively, in topics such as:</p> <ul style="list-style-type: none"> • Government-to-government relations • Financial management and accountability • Nation building • Media training • Negotiation and dispute resolution <p>Our training is cutting edge and provided by institutions in Canada and the United States with reputations for delivering world-renowned governance programs. Our commitment is to leaders--typically band chiefs, band councilors, elected Metis leaders, senior management, executives, leaders of Aboriginal and non-Aboriginal organizations, administrators, youth, women and elders who have identified specific training requirements.</p> <p>Whenever possible, courses are fully or partially sponsored by public or private partners; courses are offered at very reasonable rates to our annually registered participants.</p>

The Aboriginal Leadership Institute Inc. helps develop these leadership attributes.</p> <p>Through research, we determine the state of Aboriginal communities-what is working and what is not. Research results are shared and can be used by leaders when advocating issues. The results also help us determine the areas where capacity building is most needed.</p> <p>By actively promoting good governance...by identifying needed training...and by providing unique educational and skill-building opportunities...we help prepare Aboriginal people</p>
